## FLOWER SEED NOVELTIES OF MERIT FOR 1938

**PETUNIA GIANTS OF CALIFORNIA  
SUPREME FLORIST STRAIN**

### Ageratum Fairy Pink

Ageratum Fairy Pink is a dwarf compact Ageratum of a delightful soft salmon rose pink color. It begins blooming when not more than 1½ to 2 inches high and continues to grow until it has formed a solid compact mass of blooms. Its maximum height when it is in full bloom is not greater than five inches.

Trade pkt.....\$0.35    ¼ oz.....\$3.00

### Calendula Improved Campfire Florist Strain

Color a deep orange with a distinct scarlet sheen. Flowers are flat across the top, of the type most suitable for florist use, and measure at least four inches in diameter. Plants are strong growing even in habit with exceptionally long heavy cutting stems.

Trade pkt.....\$0.35    ¼ oz.....\$0.50    Oz.....\$1.75

### Marigold African Little Giants Mixed

The most unique Marigold Novelty of the decade. A Marigold that will average only a height of 15 inches and yet will actually produce a head of twenty to thirty-five beautiful four inch flowers.

Little Giants is strongly recommended for bedding and pot plants, especially the latter—as it will bloom a head of twenty-five flowers all at the same time. Color ranges from a yellow to a very bright orange, with many shades in between.

Trade pkt.....\$0.50    ¼ oz.....\$1.50    Oz.....\$5.00

### Marigold Gigantea Sunset Giants

Flowers average 5 to 7 inches across. Flowers are loosely formed, very full, with broad heavy petals. Colors ranging from deep orange through golden orange, deep golden yellow, light yellow, lemon yellow and primrose. Plants grow 3½ to 4 ft. tall, throwing up a heavy stem which carries a cluster of flowers on short stems. No objectionable odor.

Trade pkt.....\$0.50    ¼ oz.....\$0.85    Oz.....\$3.00

### New Petunia Hybrida Topaz Rose

Topaz Rose is a brilliant addition to the Hybrida group. The color is a fiery velvety rose of a brilliancy seldom seen, and slightly suffused with gold, which gives it a fiery appearance and the throat is the color of topaz. It will neither fade nor burn under the hottest sun, and we feel assured that this Petunia will have great popularity.

Trade pkt.....\$0.35    ¼ oz.....\$1.50    Oz.....\$5.00

### Petunia Giants of California Supreme Florist Strain

For some years there has been a demand for this type of Petunia in a color range comprising the lighter rose and pink shades, and we feel that it will be a welcome addition to the large Florist type. We now are able to furnish an extra fine strain in rose and pink shades selected by a grower whose strain of Giants of California Type has always been greatly admired. It is of the well known Giants of California type, with very large ruffled, shallow, open throated flowers, freely produced on strong growing plants which may be as much as two feet tall by the end of the season. It is an excellent bedding variety as well as a fine window box type.

Trade pkt.....\$1.00    ¼ oz.....\$3.00    ½ oz.....\$5.00

### Primula Sinensis—Double-Dazzler

Double Dazzler comes perfectly true from seed and is a great improvement on the single form of Primula Dazzler, which was introduced three years ago. The flowers lift themselves more above the foliage and are produced in even greater profusion, blooms being orange-scarlet in color. Primula Double Dazzler is especially recommended to the grower of pot plants.

Trade pkt.....\$0.75    3 trade pkts.....\$2.00

### Salvia—Blaze of Fire

Blaze of Fire far surpasses Harbinger in earliness. The flowers are the most brilliant and vivid scarlet imaginable, and the habit is ideal for bedding. Blaze of Fire is without query the earliest and most dwarf of all Scarlet Salvias, blooming ten to fourteen days before Harbinger, and it is much brighter in color than that variety. We recommend it to our customers with every confidence, for we are sure of its merit, and the fact that it will quickly become one of the most popular of all bedding plants.

Trade pkt.....\$0.50    3 pkts. for.....\$1.25

### Tithonia Speciosa Grandiflora Fireball

Dazzling as a ball of fire poised high above other flowers, Fireball is, undoubtedly, the last word in brilliance of color in a fall blooming plant. Fireball is a very brilliant, vibrant shade of scarlet orange, the petals in dazzling contrast to the clear yellow center. The gaily colored flowers are single, very large, 4½ to 5 inches in diameter, and are carried on fine long stems. The plants are very tall, some reaching a height of 8 or 9 feet, with a fairly heavy growth of grayish green, wooly foliage. In northern climates, seed should be started indoors and the plants set out after danger of frost has passed. Tithonia Fireball is a tender annual, flowering late in the season, and is not subject to plant diseases. It is extremely showy and an excellent new cut flower variety. The flowers will keep five or six days when cut.

Trade pkt.....\$0.40    ¼ oz.....\$0.80    Oz.....\$3.00

# WHOLESALE LIST FLORISTS' FLOWER SEEDS

The number after the name of a variety indicates that variety's approximate height.

CHRYSANTHEMUM GOLDEN CROWN

## Chrysanthemum

### Annual Sorts

**Golden Crown.** Golden Crown makes vigorous and strong, well branched plants, three to four feet in height. Flowers are produced so freely that one plant will carry as many as 50 to 60 blooms. Foliage is of an attractive silvery green, contrasting admirably with a bright butter yellow flower. The most outstanding feature of this novelty is the quilled petals, which has a beautifying effect as can be seen by the accompanying photograph.

EXACUM AFFINE ATROCOERULEUM

**Exacum**

**Affine.** A very useful pot plant as seed sown in January will flower in June and continue far into the fall. Flowers are small and light blue in color. To get the best results put two plants to a pot using leaf mould and turfy loam with some sand. Grow cool from the end of March.

**Affine Atrocoeruleum.** Same as Affine only color is a dark lavender.

Each of above.

PETUNIAS DWARF "VICTORIOUS"

## Petunias

### All Double Dwarf "Victorious" Strain

#### Large Flowering Fringed Mixed

A strain of dwarf Petunias that gives practically 100% double flowers from seed, something every Florist has been looking for. Flowers are large ruffled and fringed in a splendid range of color. A dwarf compact grower, making it ideal for pots as well as for bedding.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

#### Gaiety

A 1937 introduction well worth a trial. Color is Rose-Red and White with frilled petals. Flowers measure three to four inches across and the plant is just as dwarf and compact as a single form.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

#### Rosy-Carmine (World Beauty)

The ideal plant for pots and bedding purposes. Practically 100% double with large fringed flowers of a beautiful rose-carmine color. The plants make a very dwarf, compact growth and are very free flowering.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

#### Loveliness

An extra dwarf large flowering Petunia. Flowers measure 4 inches in diameter and are of a clear pink color. Comes 100% double.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

#### Pure White

A companion to Loveliness. This is one of the best double fringed white Petunias ever introduced.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

### All Double Tall "Triumphant" Strain

#### Large Flowering Fringed Mixed

This strain is identical to the Dwarf "Victorious" except in height, which runs from 14 to 15 inches. Produces practically 100% double flowers in a wonderful range of colors.

Trade pkt., 500 seeds, \$1.00 1000 seeds, \$2.00 3000 seeds, \$5.00

#### Giant Double Fringed—Super-Strain

This is a tremendous advance in Petunia culture and assures to the growers a supply of plants which will produce about 90% double flowers.

Packets of 500 seeds, \$1.50 1000 seeds, \$2.75 5000 seeds, \$12.50

## New Giant Double Fringed Petunia

**Rose Pink and White.** Best described as Bright Rose-Pink with a large White Frill, giving the flowers the appearance of being huge balls of Pink and White lace. Many of the flowers are five and six inches in diameter. It comes quite true and very double from seed.

**Rose Queen.** A glorious shade of bright Rose-Pink, with immense fringed flowers five to six inches in diameter. This is one of the most popular colors in all flowers and is glorious in a Double Petunia.

Each of the above, 500 seeds.....\$0.85 1000 seeds.....\$1.50

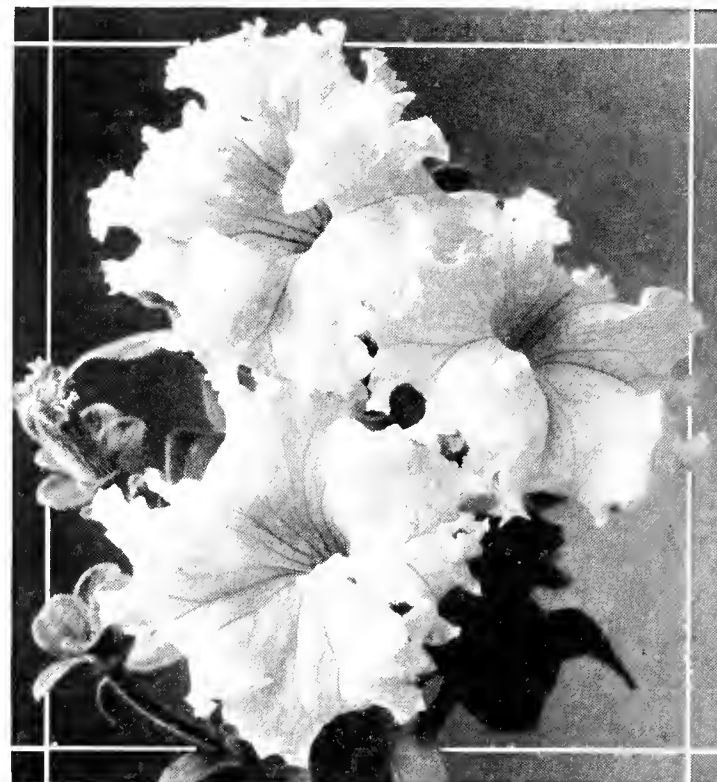

#### Double Rosy Morn

A double form of the popular small flowered single Rosy Morn. About 15 inches in height.

Trade pkt.....\$1.00 5000 seeds.....\$4.00

#### Ruffled Giants With Large Veined Throats

	Trade Pkt.	$\frac{1}{4}$ Oz.

### Scabious Flowered Mixed

A new form of this popular flower which is especially desirable for cut flowers on account of the length of the stem, the plant reaching a height of 40 inches. The flowers have an outer ring of petals while the center resembles a Scabiosa.

Trade pkt.....	\$0.25	Oz.....	\$1.30
----------------	--------	---------	--------

### Zinnia Fantasy

**Star Dust.** See illustration. A 1937 introduction which has found high favor in the florist and greenhouse trade. Flowers are of medium size and of a lovely golden yellow color, borne on plants 2½ to 3 feet in height with long stems. The plants are free blooming, making a great show of color in the garden.

Trade pkt.....	.25c	Oz.....	\$1.25
----------------	------	---------	--------

**Mixed.** Color range includes bright reds, orange, pastel shades, and cream.

Trade pkt.....	.15c	Oz.....	.75c
----------------	------	---------	------

### Pumila Picotee Delight—24 Inch

One of the best florist cut flower Zinnias on the market. Flowers are medium in size with curled petals. Picotee markings.

	Trade Pkt.	Oz.
Golden Ray. Golden orange.....	\$0.25	\$1.25
Salmon Rose .....	.25	1.25
Mixed .....	.20	1.00

### Gracillima (Red Riding Hood)

Miniature red flowers. Very free flowering and an excellent variety for bedding, 12 inch.

Trade pkt.....	\$0.15	Oz.....	\$0.75
----------------	--------	---------	--------

### Lilliput Tom Thumb Mixed

Plants 4 to 6 inches in height, covered with well formed flowers of the Lilliput type. Colors range through the red, orange, yellow, pink, rose and other pastel shades. Excellent for pot plants and borders.

Trade pkt.....	\$0.20	Oz.....	\$1.00
----------------	--------	---------	--------

### Zinnia Lilliput Pastel Mixture

Because of the neat, compact, symmetrical habit of the flowers together with their small size and stem length, they are particularly fine for cutting for bouquets. Until this past season, there has been no strictly pastel variety in the Lilliput type. In the Pastel Mixture, however, there has been incorporated the very lovely soft shades of apricot, peach, creamy yellow, shell pink, delicate salmon, light rose and orchid which are prime favorites with florist and cut flower growers. The plants are 12 to 15 inches in height, neat in habit, compact growing and very free flowering. It is one of the early blooming types, producing flowers about 45 days after seed is sown.

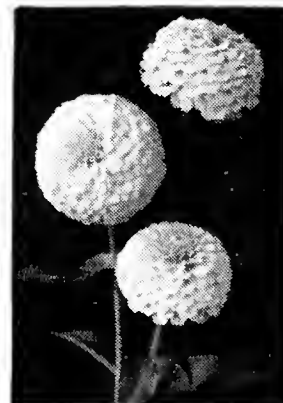

Trade pkt.....	\$0.15	Oz.....	\$0.75

## GLADIOLUS

For Greenhouse and Outdoor Planting

Fine, well cured and graded bulbs. Strictly up to size and true to name. Plentiful rains this fall have given us a good crop of first size bulbs. Second and third size, however, in some varieties are already scarce and advancing in price. Our prices are therefore quoted subject to change.

## Picardy

Probably the best Gladiolus of recent introduction and certainly the most popular. Color is a delicate apricot pink, the individual flowers are extremely large, slightly ruffled, and well arranged spike.

	Per 100	Per 1000
First size.....	\$2.00	\$18.00
Second size.....	1.75	15.00
Third size.....	1.50	12.00

## Shirley Temple

Large ruffled cream. Introduced for first time last year. First size bulbs \$5.00 each.

# NOVELTIES IN LARGE MUMS AND POMPONS FOR 1938

Our list includes the latest and best introductions of V. R. De Petris, Bristol Nurseries and Tom Knipe. They have all been grown and tested by Yoder Bros. at Barberton under regular commercial conditions, and have their approval. The descriptions, however, are by the originators.

INDIAN CHIEF

## Arcadia (De Petris)

A vigorous growing and extremely productive pompon with excellent growing habit.

Well formed sprays carry many rounded blooms of pure white measuring 2½" to 3" across.

Arcadia matures about Oct. 25th, and should prove an ideal variety for shading. Rooted Cuttings..\$2.50 per ten, \$15 per 100, \$125 per 1000

## Joe Beuerlein (Bristol Nurseries)

Sparkling crimson-red single flower—medium size—carried on large airy sprays. A prominent golden-yellow disc adds much to its effectiveness. Flowers normally about December 5th.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Little America (Tom Knipe)

Little America is a snow white, medium sized anemone. The cushion is quite solid, the guard petals are firm enough that it handles well in shipment. The foliage is small and dark green, the stems are stiff at all times. It blooms in the early part of November from terminal buds and **must** be disbudded, as it has no advantages over other varieties grown in sprays.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Mrs. Morgan G. Bulkeley (Bristol Nurseries)

Perfectly formed, large flowers, carried on excellent sprays. Color is a bright, but dainty pink suffused with orchid-lavender. Height 2½ to 3 feet. Matures about November 10th.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Orchid Gem (De Petris)

A single intense pink variety suitable for cut or pot culture.

It has a dwarf but very robust growth. Its Korean blood gives it a very free flowering habit. Matures Oct. 25th or later.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Indian Chief (De Petris)

One of the most outstanding large flowered commercials ever introduced being ideal in most every way.

The high rounded blooms averaging 7 inches or more in diameter are closely incurved and possess the crisp substance and lasting qualities of the well known variety Detroit News.

The color is a deep reddish bronze with a golden buff reverse and the flowers retain this color throughout the season.

A strong and vigorous grower with excellent foliage and a heavy stem attaining a height of about 5 feet from March propagation.

Second crown or terminal buds reserved Sept. 5th and later produce fully double blooms from Nov. 5th to 10th.

Early buds should not be reserved because of the extreme fullness of this variety.

Winner of the A.C.S. Silver Medal at Hartford in 1936.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Windsor Gold

A free grower producing a good stem and blooms about October 28. Flower is incurved and of good size. Color being a deep golden yellow very nearly that of Friendly Rival.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Penguin (De Petris)

Penguin will meet the demand for a good mid-season white button pompon.

A vigorous growing variety with unusually heavy production and good stem and substance, maturing Nov. 10th.

Heavily flowered sprays are carried on rigid stems over 3 feet long.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Persian Rose (De Petris)

A large flowered button pompon producing good sprays of brilliant rose pink flowers.

An excellent grower of medium dwarf habit and a good producer maturing about the 20th of October.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Rev. Horace Bushnell (Bristol Nurseries)

A pure white sport of Mrs. Morgan G. Bulkeley. A high class pompon, easily the finest white for early November cutting. Height 2½-3 feet. Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Wildfire (De Petris)

A late flowering pompon possessing an appealing color and habit. The reflexed blooms 2½ inches across are carried on strong well formed sprays.

The color is an unusual shade of brilliant orange rust.

A good producer maturing for Thanksgiving and later.

Rooted Cuttings.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Sports of Well Known Varieties

They are all like their parents in every respect except color which in each case is indicated by name.

Bronze Tuxedo

Dark Pink Jewel

Yellow Cordova

Yellow Dainty Maid

Yellow Estrelita

Yellow Supreme

(Sport from Pink Supreme)

Any of above.....\$2.50 per ten, \$15 per 100, \$125 per 1000

## Chrysanthemum Rooted Cuttings

Our cuttings are shipped by one of the largest growers in the country, who specialize in Mum culture. This enables us to promise that all orders will be filled with first quality, clean, well rooted cuttings, which will arrive in first class condition. A much larger planting of stock plants has been made this year, and more prompt delivery can be promised, but customers to avoid delay will do well to anticipate their wants and order ahead of delivery.

We sell 25 cuttings at the 100 rate, 250 at the 1,000 rate. Where less than 25 are ordered the following schedule of prices will apply.

Price per 10	Price per 100	Price per 10	Price per 10
Price per 10	Price per 100	Price per 10	Price per 100
\$3.00	\$0.50	\$ 8.00	\$1.50

## Peter John

(As illustrated on front cover)

A sport of Thanksgiving Pink, being identical in every way with this well known variety except color, which is a much lighter shade of pink. Introduced in 1936, there was quite a heavy demand last year which could not be supplied on account of a shortage of stock. This season our grower is well prepared to take care of all orders.

Per 100.....\$5.00      Per 1000.....\$40.00

Unique. Rich wine red, tall.....	Ter. Bud	Dec.	6.00	50.00

\*Good disbudded. †Good as pot plants.

**Arcadia.** A vigorous growing and extremely productive pompon with excellent growing habit.

Well formed sprays carry many rounded blooms of pure white measuring 2½" to 3" across.

Arcadia matures about Oct. 25th, is certain to become popular both because of its excellent form and heavy production.

Rooted Cuttings  
\$15 per 100  
\$125 per 1000

## Pompons—Large Flowering and Button

We attempt to classify pompons into large pompons and button types. The distinction is largely one of size, though the latter classification contains more of the true, compact, rounded type.

	Type	Matures	Per 100	Per 1000
Abelard. Orchid, medium.....	L. Pompon	Oct. 30	12.00	100.00
*Acto. Rose pink, medium.....	L. Pompon	Nov. 1	3.00	27.50

\*Good Disbudded. †Good as pot plant.

The terms, Short, Medium, Tall at the end of description, refer to finished height of plant.

## Hardy Korean Mums

These new hybrids are distinct from the regular type of Hardy Mums due to their new shades of colors, which in many instances are quite striking. Very desirable in localities where frost does not occur prior to October 1st.

## Silver Leaf or Variegated Peperomia

A Silver Leaf variation of this well known plant which we are sure will become very popular when better known. The leaves are mottled or flaked in yellow, ivory and green. Growth is rapid and plants seem to stand up as well as the old green leaf variety. 2 1/4-inch pot plants **\$25.00** per 100.

(No order filled for less than 25 plants.)

## Poinsettia Stock Plants

**Ruth Ecke**, plant patent No. 242, the best commercial variety, \$20, \$40, \$60 and \$80 per 100. Sale of 2 1/4-inch plants of this variety under license agreement will be restricted to \$15 per 100, and \$120 per 1000 for the 1938 season.

**Oak Leaf, Mrs. Paul Ecke, St. Louis, Henriette Ecke (double), Improved Henriette Ecke, True Red, Barbara Ecke**, White and Pink varieties, \$15, \$25, \$35 and \$50 per 100, oversized, \$60.00 per 100.

We can deliver at above prices F. O. B. Chicago, Detroit and Pittsburgh if order is placed before April 1st.

## Carnation Cuttings

### Novelty Varieties

Purchasers of patented varieties may propagate all they desire for their own planting without the payment of any royalty.

#### Pink Treasure (Patented)

A medium shade of light pink resembles Patrician in makeup but grows much taller during the winter months.

\$3.00 per dozen, \$20.00 per 100 and \$150 per 1000

#### King Cardinal (Patented)

A grower who ships to the wholesale cut flower market stated that his King Cardinal produced returns of \$1.25 per square foot of bench space last season. It is a true scarlet, easily handled and makes very few second class blooms.

\$2.00 per dozen, \$12.00 per 100 and \$100 per 1000

#### Chief Kokomo (Patented)

The novelty that has become a great favorite. Color, pink variegation on yellow ground.

\$2.00 per dozen, \$12.00 per 100 and \$100 per 1000

#### Maytime

Color is slightly deeper than that of Virginia, and more uniform. The bloom is full-centered, symmetrical and nearly perfect. The stem is unusually long and stiff. Maintains its size, color, keeping quality better than any other light pink during hot spring weather.

\$15.00.....per 100      \$125.....per 1000

#### Light Pink Abundance (Patented)

The record of Pink Abundance from which Light Pink Abundance sported leaves no doubt as to possibilities. The color is a Daybreak pink.

\$2.00 per dozen, \$12.00 per 100 and \$100 per 1000

#### Opal (Patented)

Purple Variegated. Very free bloomer.

\$2.00 per dozen, \$12.00 per 100 and \$100 per 1000

### Standard Varieties

In addition to varieties listed we can supply all the new and also standard varieties, obtained from the originators or growers who can deliver well rooted cuttings carefully packed.

	Per 100	Per 1000		Per 100	Per 1000

### Re-Introducing

### Uncle Dick Carnation (Patented)

In the spring of 1935 a new Carnation was offered to the trade and disseminated by R. Witterstaetter Carnation Company of Cincinnati, Ohio, being named "Uncle Dick" in honor of that grand old Carnation specialist, Uncle Dick Witterstaetter.

This variety when exhibited at the American Carnation Society Show at Indianapolis in 1934 won the Fred Dorner Memorial Gold Medal and it was then conceded by all that it had a very bright future.

The pre-sale was heavy, consequently delivery was somewhat slow, but when they did arrive the cuttings were large, clean and apparently healthy stock. For some reason that has never been satisfactorily explained, the cuttings did not thrive and a multitude of complaints were received. Next season replacements were made but the growing results were not very much better. However, in a few scattered cases the cuttings survived and some growers have been able to work up a good healthy stock.

On this page we show a photograph of a bench of "Uncle Dick" now growing at the establishment of the Miles Company, Oshkosh, Wisconsin, and it is from this lot we are again offering "Uncle Dick" cuttings for delivery this spring.

Now we realize that it is difficult to ask a grower who got stung once to repeat the experiment and for that reason we are willing to assume part of the risk. If you are interested, therefore, in making another trial write us and we will make you a proposition which we think is fair and at least will merit your consideration.

In order to refresh the memory of those who have forgotten just what this variety looked like, we repeat the description originally given by the introducer:

A very pleasing shade of light pink, extremely large, full-flowers of excellent quality and fragrance that seldom split, held on heavy stems. An excellent keeper producing more than any other Carnation of its size early and continuously.

Price of cuttings: \$12.50 per 100; \$100.00 per 1000.

No restrictions as to propagating cuttings for buyer's own use.

### Pelargonium Azalea

Per 100

Fall delivery. A good strong grower with large flowers, the upper petals of which are dark rosy red, lower petals lighter. Will hold its flowers longer than any other variety of Pelargonium. 2 1/4 inch.....\$8.00

# HORMODIN

Hormodin "A" is the new root-inducing chemical that stimulates rapid root growth on cuttings, whether rooted with ease or normally rooted with difficulty.

The treatment is simple and no special equipment is needed. Hormodin comes in liquid form and is applied as a dilute, water solution. The photograph affords vivid proof of the root-inducing power of Hormodin. Both the treated and the untreated cuttings were in the same propagating bench, under the same conditions, exactly the same length of time.

NOT TREATED TREATED
